

## Join the International Young Endoscopist Program (IYEA) 2024

We're excited to announce that ENDO 2024, the 4th World Congress of GI Endoscopy, and IDEN 2024 will be held together in Seoul, Korea, making it a global congress beyond Asia. In collaboration with the Korean Society of Gastrointestinal Endoscopy (KSGE), we invite young endoscopists worldwide to apply for the International Young Endoscopist 2024 Program from June 24 to July 6, 2024.

This program, running since 2014, aims to advance technical skills and foster collaboration among young endoscopists. With 358 participants from 37 countries, it has been highly impactful. We encourage all young endoscopists to seize this opportunity and join this enriching program.

This year, with the convergence of ENDO 2024 and IDEN 2024, we anticipate a truly global gathering. For more details, contact the secretariat at [seoul@worldendo2024.org](mailto:seoul@worldendo2024.org).
